MAHSA University

MAHSA University is one of Malaysia's largest private medical and health university and was established in 2005. The University is located on a 48-acre land, just minutes from the Kuala Lumpur International Airport.

Characterised by a tradition of innovation, MAHSA constantly improves the quality of education and student experience, and strengthens the quality and impact of its research, to be well on its way towards its vision of becoming the Centre of Excellence in higher education in the region. Indeed, the various accreditations by Regulatory Boards, Professional Bodies and International Accreditation Standards further affirms the highest quality at MAHSA.

Today MAHSA University has students from 75 different countries and not just from the region of Asia, but as far as Australia, United Kingdom, Canada and the United States of America.

Benefits

Enhanced Employability

Employers value students who are flexible, adaptive and equipped with cross-cultural skills. Students who have participated in mobility programs are often deemed to be more matured.

Soft Skills

Mobility programs often increase students' interpersonal skills, communication skills as well as adaptation skills.

Life Experience

Experiences and outdoor learning are two significant features of the mobility program. Studying, learning and living abroad exposes students to other cultures in a priceless way.

Building Network

Mobility programs can open doors of opportunity for students in the global arena. Students build international connections and rapport through networking with students and potential employers through different mobility program.
