STUDENT MOBILITY PROGRAMME

MAHSA University

Our Global Mobility programme has received students from Asia, Europe, North America and South America who have come to MAHSA University as part of their undergraduate or postgraduate degrees. Experience new cultures, make friends from all over the world and gain a competitive edge by becoming a global citizen. At MAHSA University, we believe that every student should be given the opportunity to travel and experience different cultures, at very affordable fees. Global Mobility Services (GMS) is a one-stop student mobility hub that assists students with numerous global mobility options.

Global mobility option includes;

1. Student Exchange
2. Short Mobility Programme
3. Study Trips
4. Internship Exchange
5. Research Exchange

Benefits

Enhanced Employability

Employers value students who are flexible, adaptive and equipped with cross-cultural skills. Students who have participated in mobility programmes are often deemed to be more matured.

Soft Skills

Mobility programmes often increase students' interpersonal skills, communication skills as well as adaptation skills.

Life Experience

Experiences and learning out of the classroom are part of the mobility programme. Studying, learning and living in another country within another culture is an invaluable life experience.

Building Network

Mobility programmes often open doors of opportunity for students in the global arena. Students build international friendships as well as opportunities to build rapport and networks network with other students and potential employers through different mobility programmes.
